The reason home ground meal is giving such satisfaction to all who have tried it is corn is classified
into four reductions, viz: Corn starch, corn flour, bolted meal, and bran. Corn starch and corn flour
is the nutritious part of the grain which is extracted. Bolted meal is the flint part. Home ground meal
you get it all and get it fresh. We make our own chops from best shelled corn in car lots. The
advantage in freshness and purity is obvious without further comment.

Bring your corn and have it ground into chops or meal, and let me sell you feed stuff.

NEGROES SHOT.

Furry Brothers Cause Exciting
Time at Longview.

Longview, Tex., June 8.—At 11 o'clock Monday the city was thrown into great excitement from pistol shots in several parts of town and stockmen riding furiously about the streets and courthouse square. A negro, Ike Furry, was lying apparently dead in the middle of a street in the business part of town and another negro, Job Furry, lying three blocks away with a bullet hole in his breast and neck and shoulder. Ike Furry was shot by Deputy Sheriff Sam Page in the jaw, the bullet coming out in the neck, while resisting arrest, and was holding his hand in a back pocket as though drawing a gun. Both are in jail attended by physicians.

The cause of the trouble came about at the courthouse, when the two Furry negroes were preparing to give bond for attempting to shoot at some cattlemen Saturday. Some of the cattlemen began to beat Charlie Ford, a white man, who lived near the Furrys, which caused a stampede of the negro prisoners and the shooting by officers in an effort to catch the negroes. Job Furry ran through the back of the residence of City Attorney Cunningham and was shot down while trying to disarm and kill Sheriff Little.

The row first occurred last Saturday, when four cattlemen—J. H. Culver, W. H. Hope, Ike Killingsworth and Sam Page—were driving some cattle when a small yearling got in the bunch and unable to cut out. They agreed to drive the yearling on to the stock pens and then cut it out. They drove passed by Ike Furry's house, when a row occurred, in which Furry was beaten over head with a bottle. Getting a gun he was ridden down when he attempted to shoot the stockmen. The Furry negroes went to a swamp and with much difficulty captured by Sheriff Little. All the stockmen were arrested and bond was arranged immediately.

BOLD ROBBERY.

Five Thousand Dollars' Worth
of Diamond Rings Stolen.

Houston, June 8.—Five thousand dollars' worth of diamonds, all mounted in rings, was stolen from the jewelry establishment of Taylor Bros. The ring tray was removed from a show case window. The robbery was the boldest ever perpetrated in this city, being committed in broad daylight Sunday afternoon between the hours of 5 and 6 o'clock, pedestrians constantly passing along the sidewalk.

Protesting Petition Received.

Austin, June 8.—Anticipating that an application for commutation of death will be made in behalf of Monk Gibson, who is to hang on June 26 at Cuero, for the murder of the Condit family, the board of pardon has already received over 100 petitions protesting against commutation from various counties. It is understood that such application is to be made, but the board of pardons state that no application has been yet received.

Officers Chosen.

Austin, June 8.—At a meeting of University of Texas Alumni association officers were elected for the ensuing year as follows: Judge David E. Simmons, Austin, president; Miss Mabel Brooks, Austin, vice-president; Miss Mary Decherd, Austin, secretary; W. H. Stacy, Austin, treasurer; executive board, D. A. Penick, Austin, W. W. Woodson, Mart; F. W. Smith, Galveston; Miss Nara Hill, Austin; Mrs. Greer, Beaumont.

Love Will Make Address.

Austin, June 8.—Insurance Commissioner Love has accepted an invitation to deliver an address on the Robertson insurance law before the annual meeting of the American National Association of Insurance Commissioners, which meets at Detroit in September.

Cases Dismissed.

Austin, June 8.—Federal court dismissed the cases against the McDaniel brothers, officers of the First National bank of Granger. They were charged with making false entries on the books and speculating in bank funds.

Thief Secured Check.

Galveston, June 8.—R. E. Young and wife of Houston lost \$1,500 worth of diamonds and jewelry Sunday night at a bath house. The thief secured the check from Mr. Young's pants, called at the office, got the card box and made his escape.

Street Car Causes Death.

Sherman, Tex., June 8.—Houinton Sneed, a negro, was run over by a street car at Denison. He was brought to the sanitarium here, where he died Monday morning. He resided in this city.

San Antonio, Aug. 11.

Dallas, June 8.—Democratic state executive committee, in session here Monday, selected San Antonio as the place to hold the state convention and chose Aug. 11 as the date.

Bishop Gillespie Retires.

Grand Rapids, Mich., June 8.—Bishop Gillespie, thirty-four years head of the Episcopal diocese of Western Michigan, has retired owing to old age.

A home in Bryan is next thing to a mansion in the skies, and there is nothing to hinder any good man from reading his title clear to both.

William Jennings Bryan umpired a game of base ball last Saturday. It isn't recorded that Roosevelt ever in his life performed a stunt equal to this.

Last Saturday a young New York ball player lost a home run to save a poor old woman's life. Here is an example of heroism worthy of a Chevalier de Bayard.

A. AND M. COMMENCEMENT.

Opening Service Sunday Drew Large Crowds—Sermon by Dr. William States Jacobs of Houston.

With the exception of the heat, and this was tempered by a breeze, the A. and M. College commencement exercises opened Sunday with a beautiful day inviting a large attendance on the service at the assembly hall at 11 a. m., and this was realized with a large assemblage at that hour.

Earlier in the morning visitors were present for guard mounting and the inspection of the barracks. The rooms were found to be models of neatness, and the cadets spick and span in handsome uniforms, faces bright, guns polished and everything in order.

A splendid musical program was arranged for the morning service of which notable features were the Glee Club numbers, a brilliant violin solo by Miss Guinn of San Antonio, and a vocal solo by Mrs. Wilbur C. Davis of this city. These numbers were of high order of excellence and gave infinite pleasure.

Rev. William States Jacobs, the pastor of the First Presbyterian church of Houston, delivered the commencement sermon. Dr. Jacobs was invited to preach at commencement last year, but the exercises were not held on account of illness among the corps of cadets at that time. He stated by way of preface to his remarks that he gladly accepted an invitation to preach again this year. Dr. Jacobs read a scripture lesson from the Psalms, and delivered a brilliant discourse on "Youth and its Opportunities and Responsibilities." He stated that he has a great and abiding love for young men, and counts no service greater than pointing them to the way of the glorious achievements and service of Christian manhood; living not for the present and for self, but fellow man, the future and for God. He emphasized the beneficial influence of optimism in the accomplishments of life, and urged that the young men before him look on the bright side, have a definite purpose in life, and do that which is to be done quickly. Examples were drawn from history to show what the accomplishments of young men have been.

The victory of Brown in Georgia may be ascribed to the influence of heredity. The Georgians of the last generation delighted in voting for the father of the new governor elect, no matter what the color of his politics.

The general conference of the Northern Methodists has decided by a vote of 322 to 210 to disperse with the office of presiding elder, the evolution of the church government having made the office unnecessary, it is claimed.

The experiment of growing Irish potatoes between the rows of ribbon cane has been made with satisfactory results in Fort Bend county. The potatoes are dug before the cane is large enough to need the space they occupy.

The government is sending a botanist to Texas to work out plans for the destruction of mistletoe, which is doing great damage to shade and forest trees. But what will there be to hang on the chandeliers at Christmas for the girls to stand under? These scientists are destroying the last vestiges of romance.

A single consignment of six tons of live snakes, shipped from Brownsville, was received in San Antonio Saturday. It included many varieties captured by Mexicans among the chapparal and cactus along the Rio Grande border. The snakes are for distribution among the zoos and museums of the North and East. San Antonio is now the leading snake market of the world, but this distinction has no relation to the fact that it is also the anti-prohibition center of Texas.

J. C. McHaney returned Saturday from Navasota, where he has been busy several days with track work, caused recently by the heavy rains. He went immediately to Highbank, where other work needed his immediate attention. The recent flood put all tracks on low lands in bad condition, and the workmen experienced some narrow escapes in the construction work.

Monday.

Monday witnessed an increased attendance on the commencement exercises, the number of parents of students and of alumni and ex-students being unusually large. It was stated that at noon yesterday there were one hundred and fifty alumni and ex-students present in the forenoon yesterday.

As usual the military features were of especial interest. These included guard mount and individual competitive drill in the forenoon, and battalion drill and dress parade in the afternoon.

Much of the forenoon was given to the inspection of departments which have been so largely augmented in equipment since many who are now here were formerly students. The new buildings in course of construction, and the beautiful well kept grounds, also came in for attention.

Last night the celebration of Austin literary society and the annual alumni banquet were held and largely attended. B. C. Pittuck officiated as toastmaster at the banquet.

The students of the club came to town in the wee small hours of the morning, and accompanied by the young ladies and several married couples, repaired to the rink at 4 a. m., and danced until 7:30. Herb & Lewis' orchestra of Houston supplying the music. Breakfast was served during intermission.

PARENTS OF STUDENTS HELD MEETING.

Resolutions Were Adopted for Presentation to the Board of Directors or the A. and M. College.

Pursuant to a call issued from Dallas, a meeting of parents of students of the A. and M. College was held here at Carnegie hall yesterday morning with thirty-six in attendance from various parts of the state.

G. C. Rugel was elected chairman and J. B. Cochran secretary. A number of letters from parents were also on the secretary's desk, and one man from Waco stated that he held the proxies of nine patrons who held a meeting in Waco, previous to his departure, and adopted a resolution which he was authorized to present. Several present addressed the meeting.

J. H. Ferneaux of Dallas, R. B. Shearer of Lufkin, J. H. Van Amburg of Greenville, J. J. Summers of Cuero, F. W. Wood of Brenham and A. G. McMahon of Whitney were appointed a committee on resolutions. These resolutions set forth at some length the views of those present on the College situation and sought immediate change in administration and the reinstatement of the seven suspended juniors.

S. B. Burmeister, R. B. Shearer, F. W. Wood, J. H. Ferneaux, G. C. Rugel, A. G. McMahon and J. B. Cochran were appointed a committee to present the resolutions to the board of directors at College. The meeting was adjourned here to hold another session at College yesterday afternoon previous to the presentation.

ALUMNI AND EX-STUDENTS.

Meeting Held at College Yesterday and Representations Made to the Board of Directors.

Members of the committee appointed at the Houston meeting of alumni and ex-students of the A. and M. College, held some time ago, namely, James Cravens, chairman and Capt. F. A. Reichardt of Houston, H. L. Wright of Palestine, E. J. Smith of Denison and Capt. C. C. Todd of San Antonio, held a meeting in this city Sunday and formulated a report of the work done for presentation to the meeting of alumni and ex-students held at College yesterday morning. The Eagle learns this report was ratified by that body and the same committee was authorized to present it to the board of directors, the report constituting charges against President Harrington, and asking that another investigation be held.

BOARD IS IN SESSION.

All the Directors of the A. and M. College Present But One—Received Patrons and Alumni.

The board of directors of the A. and M. College is in session, with Judge K. K. Leggett presiding, and all the members present except Mr. Sebastian, who became ill at Ft. Worth while en route here and returned home. The board received the deputations of patrons and of the alumni yesterday, and accepted from the former the request for President Harrington's resignation and from the latter the list of formal charges against him.

The board was in session again last night, but had given out no decision on matters before it up to 9 o'clock.

The annual election of officers of the alumni association of the A. and M. College was held yesterday afternoon and resulted as follows: Russell Watkins, president; J. Webb Howell, first vice president; H. F. Jonas, V. H. Foy, R. E. Pennington, A. C. Love, W. A. Price, vice presidents; A. Mitchell, re-elected secretary; Jas. MORSE-WINTER.

Pretty Home Wedding Solemnized Sunday Evening in This City.

At the home of the bride's parents, Mr. and Mrs. Wm. B. Grice, Sunday evening, at 9:30 o'clock, Rev. J. B. Turrentine officiating, Mr. Robert Early Morse and Mrs. Lizzie Grice Winter were united in the holy bonds of matrimony.

In one corner of the room, ferns and other pot plants were banked in profusion, forming a pretty background, in front of which an arch, beautifully decorated with vines and flowers, was erected. From the center was suspended a large white wedding bell, and under this the ceremony was performed. An aisle was formed from the columns to the door, through which the bridal party passed.

Little Misses Vesta Ratliff and Pauline Stallings preceded the party and untied the ribbons that led to this arch. Mrs. Alice Shine presided at the piano, and just before the bridal party entered, Mrs. Rudolph Winter sang, "Only Know I Love Her," with great sweetness.

Mrs. Jas. Freeman Ransom of Houston, sister of the bride, was matron of honor, and Mr. H. S. Wilder best man. The other attendants were Miss Clara Belle Morse, sister of the groom, and Mr. Ed Cornitius, all of Houston, and Miss Ada Edmunds and Mr. J. L. Grice.

The party, including the minister, entered with the singing of the wedding chorus. The bride was preceded by Miss Adelle Grice, who scattered pink rose petals along the white aisle.

On reaching the altar, the party, forming a semi-circle, faced the minister, making a very effective group.

After the ceremony, the guests were entertained by Mrs. Rudolph Winter and Mrs. Jas. Ransom at the home of Mr. and Mrs. Grice.

The lawn was beautifully lighted, and fruit nectar was served by Misses Adelle Grice and Madeline Knox. Cake and cream were also served on the lawn.

The bride's dress was white d'esprit over white taffeta. Her going away costume was of champagne colored taffeta, with hat, gloves and shoes to match.

The bride is the daughter of Mr. and Mrs. Wm. B. Grice, and was reared in Bryan. She is well known and loved by all for her sweet disposition.

The groom is the son of Mr. and Mrs. R. E. Morse of Houston, where he is well known and numbers his friends by the score. Mr. Morse has been for some time in the employ of Hirsch Bros.

Mr. and Mrs. Morse left on the night train amid showers of rice and good wishes for their home in Houston.

They were accompanied by Miss Clara Belle Morse and Messrs. Cornitius and Wilder. A FRIEND.

One of the Eagle proprietors had the pleasure yesterday of looking over Mr. W. C. Wilcox's vegetable and flower gardens at his home in this city. He has fine peaches, figs, etc.; grows Mills' Early Wonder tomatoes, which are especially fine, with six or seven in a cluster, and tied up to preserve the stalk. He also takes pride in his fish school, having a basin constructed so as to have flowing water at all times. The results obtained on his little space, which consists of only one and one-half lots, shows what can be done here with the proper efforts.

Additions to Faculty of Texas Woman's College.

I wish to announce two new members of the faculty of the Texas Woman's College for 1908-9.

Harald Techau.

Mr. Harald Techau has been engaged for the music department. Mr. Techau is a full graduate of the Conservatory of Leipzig. He is now in Dresden, where for the past two years he has been a private pupil of Herman Scholtz.

He is not a stranger to Texas. After graduation, he served with entire success as director in the Texas Christian University at Waco, and receives strong endorsement from the president, Dr. Zollars. He is recommended by the leading musical people of Waco, who knew him well in Leipzig. His specialty is the piano. He ranks high both as instructor and as concert performer.

Our friends may rest assured that in Mr. Techau we have a man whose work will be true to the highest standards in instruction and performance.

Miss Odo Surratt.

In the engagement of Miss Odo Surratt the Texas Woman's College has secured the services of an experienced teacher of marked ability, originality and executive force. In all her work she has been strong and efficient.

She is a graduate of Baylor University. Through her efforts as librarian of Baylor University, that institution has now one of the best organized and best administered libraries in the South. Her contributions to the literature of library management have commanded the approval of librarians throughout the country. She studied in the School for Librarians in Albany, N. Y.

NO INCREASE OF RATES.

Not Likely There Will Soon Be
Any Advance.

MIGHT CAUSE STAGNATION

Those Who Have Thoroughly Looked
into the Matter Are of the Opinion
Trade Depression at This Time Is
Too Great For Such Step.

Washington, June 8.—No general in
crease of freight rates is likely to be
made by the railroads of the country
in the near future, if it be made at
all.

At a recent meeting of presidents
and operating officials held at New
York it was the consensus of opinion
that it would be undesirable, if not
absolutely impracticable, to put into
effect at this time any increase of
freight rates.

Opinion at the meeting was divided,
but a majority was inclined to the
view that it would be bad policy and
bad business at this juncture to at
tempt to increase rates.

It was pointed out that the proposed
increase, in time of depression, would
tend rather to increase freight stagna
tion than stimulate its movement.

Some rates in special instances have
recently been increased. That on fresh
meats moving from the north to points
in Carolina territory is a case in point.

A little while ago it was proposed
to increase proportional rates on paper
2 cents per 100 points from Wisconsin
and Michigan points to Ohio river
gateways when the shipments were
destined for Carolina and other south
eastern points.

Members of the Western Trunk Line
association reconsidered the matter,
however, and the increase will not be
made; at least not for the present.

LINCOLN AND GRANT.

Glenn Longs to See Their Names Lov
ed Throughout the South.

Washington, June 8.—I look for
ward to the day when those of the
north and those of the south will join
alike in decorating the graves of their
common dead.

This was the sentiment voiced by
Governor Glenn of North Carolina to
a vast assemblage gathered Sunday in
the Confederate section of Arlington
National cemetery to commemorate
Confederate Memorial day. Governor
Glenn and Representative Sims of
Tennessee were the orators. After
eulogizing General Robert E. Lee,
Governor Glenn made a significant
reference to General Grant.

"Every true northern man respects
Grant for his kindness at Appom
attox," he said, "and the southland would
not rake up an error of the past to
blacken his charge."

"I can truthfully say," said the gov
ernor, "that I long to see the day
when the name of Abe Lincoln and
Ulysses Grant shall be loved and re
spected in every nook and corner of
the old Confederacy, and when the
names of Lee and Jackson will be
cherished in Maine, Massachusetts
and California."

Representative Sims, who followed,
declared that the southern people
would never forget their ideals.

The graves of the Confederate dead,
the unknown dead and of General
Joseph Wheeler were decorated.

NEW CURRENCY LAW.

Treasury Making Preparations to Put
It into Effect.

Washington, June 8.—Preparations
are being made by the treasury de
partment for the prompt carrying into
effect of the various provisions of the
new currency law.

A list of all national banks, arranged
by states, showing the capital and sur
plus of each, is being prepared by the
comptroller of the currency for use
by the secretary's office in connection
with any application that may be re
ceived from banks for information for
the formation of national currency as
sociations provided by the new law.

SARAH NOT SORRY.

"I Shot Him, but I Did Not Murder
Him," She Says.

New York, June 8.—Sarah Koten,
the young trained nurse who lured Dr.
Martin W. Auspitz to a house at Har
lem by a false telephone call and shot
him to death after she laid wait for
many hours, declares she does not re
gret the act.

"I shot him, but I did not murder
him," she said in her cell in the po
lice station. "I killed him because he
wronged me and then refused to help
me. I tried to punish him in the
courts, but found myself powerless.
My father and mother are dead, so I
had to protect my honor myself."

Tornado Creates Havoc.

Mount Vernon, Ia., June 8.—A tor
nado here demolished the light and
power house and the city pumping sta
tion. A number of barns were de
stroyed and several houses partially
wrecked. At Lisbon, Ia., houses were
damaged, trees uprooted and farm
property ruined. The electric light
and water plant was also wrecked.

Fatal Practical Joke.

Pittsburg, June 8.—A victim of
practical jokers, Morris Caseberg,
twenty-two years old, died at a hospital.
He had been employed at the
Duquesne Steel works. It is alleged
fellow workmen inflated his body by
compressed air, causing peritonitis. An
investigation is being made.

Pilot Frustrated.

Lisbon, June 8.—The police dis
covered and frustrated a plot hatched by
the Society of the Black Cross to blow
up with bombs members of the royal
family at a religious feast to be held
June 18. Among the ringleaders ar
rested were three notorious anarchists.

BILLEK MUST HANG.

Murderer of Veral Family Is to
Die on Scaffold.

Chicago, June 8.—Governor Deneen,
on the recommendation of the board
of pardon, decided not to interfere in
the case of Herman Billek, under
death sentence for the murder of the
Veral family. The execution will take
place Friday. Billek is a Bohemian
fortune teller.

The Cook county jail was trans
formed into a house of worship for
several minutes Sunday when 650
prisoners joined in prayer asking that
the death sentence of Billek be com
muted to life imprisonment.

The prayer meeting, without equal
in the history of the jail, was entirely
unpremeditated. Billek's wife and four
children were visiting him. Just be
fore they left, his daughter, kneeling
near her father, started a prayer.

"Oh, God, please save my papa," she
said. Word was quickly passed from
tier to tier from the women's ward to
the "pen." The building, which a few
moments before had been filled with
coarse laughter and coarser talk. This
quieted down and even the most hardened
criminals there offered up a
prayer that Billek's life might be spared.

Billek himself, although he knew
that unless Governor Deneen and the
board of pardons acted in his case at
once he would die on the gallows Fri
day, was apparently cheerful.

"I am confident the Lord will take
care of me," he said. "I am innocent
of the murder of the Veral family and
I know Father O'Callaghan and others
who have worked in my behalf have
obtained evidence enough to cause the
pardon board to save me from hanging."

"But if it is decreed that I must die,
I will walk to the scaffold without
fear and will repeat there that I
am innocent."

TALKED TOO MUCH.

Reason Given by Masked Scoundrels
For Cowardly Crime.

Nashville, June 8.—Rufus Hunter, a
substantial farmer of Montgomery
county, Tennessee, and a member of the
Tobacco Growers' association, was
called to his door and shot to death by
masked men, who told him he "talked
too much." The affair is shrouded in
mystery.

BECOMING ALARMED.

New York, June 8.—Beef packers
all over the United States and especially
in this section of the country are
becoming alarmed over the great
shortage in the beef supply. Since
last week the price has risen from 1 to
2 cents per 100 pounds. This sharp
rise in prices is said to be due entirely
to the shortage in the supply of cattle
in the market, and there is talk
of having to have beef which was
exported to England last winter shipped
back to this country in cold storage.

NO CHANGE IN METHODS.

Washington, June 8.—Any doubt
that may have existed as whether the
administration and Secretary Taft ap
prove the methods pursued by Frank
Hitchcock, manager of the Taft inter
ests at Chicago, in dealing with con
testing delegations before the national
committee was set at rest by the dis
patch of telegram by Secretary Taft to
Mr. Hitchcock directing him to
make no change in the methods he is
pursuing.

ADmits He Is the Man.

Portland, Oregon, June 8.—Robert
Threel of Ritzville, Wash., was arrested
at Lind, Wash., on charge of hav
ing committed murder at Bentonville,
Ark., in February, 1907. He broke
down and admitted that he is the man
wanted. An officer is en route to get
Threel, but is delayed by washouts in
Montana. Threel lived at Ritzville for
the past year.

AGAIN IN ERUPTION.

San Francisco, June 8.—According
to a report brought to this city by the
steamer Aeon, just arrived from Apia,
Samoa, the volcano which broke out
August, 1905, on the Island of Savaii,
one of the Samoan group, is again in
violent eruption, and has covered a
large and fertile part of the island,
which previously escaped, with lava.
The inhabitants of the district have
taken refuge on adjoining islands.

MORE TROOPS ORDERED.

Columbus, O., June 8.—The sheriff
of Brown county appealed to the gov
ernor for more troops to be sent to the
tobacco district. The governor after
a conference with the adjutant general
ordered out a company from the First
regiment at Cincinnati.

CAPTAIN GULON APPOINTED.

Washington, June 8.—President
Roosevelt has appointed Captain
Lewis Gulon of the Twenty-sixth
Louisiana infantry, a member of the
Vicksburg national-parade commission
to fill the vacancy caused by the re
cent death of General Stephen D. Lee.

PRICES GO UP.

Chicago, June 8.—It is announced
by Chicago packers that because of
the "shortage of cattle and canned
meats," the price of beef and canned
meats will be increased. The increase
will be between 1 and 2 cents a pound.

ANOTHER MURDER.

Guthrie, June 8.—Another murder
has been laid at the door of A. J.
Hunter's gang of outlaws, now being
chased by posses. At Temple Gay B.
Keyton, a negro, member of the gang,
stabbed Sidney Smith, a farmer. Smith
died.

FOUR BUILDINGS BURN.

Cloris, N. M., June 9.—Binkley ho
tel and three other buildings were de
stroyed by fire.

CONDITION OF WHEAT.

Washington, June 8.—Condition of
wheat is 86.0; spring wheat acreage,
17,710,000.
